

TAKOO

FLYING FOR TWO
A PASSION
SHARED

THE TANDEM OF OUR DREAMS

Leaving the ground, and together communicating and appreciating the unforgettable moments and sensations of pure free flight. Giving without taking, simply sharing your passion, these are the joys of tandem paragliding. All this is now accessible with our tandem, the TAKOO.

A MULTI USE TANDEM

Developed not only for the dedicated and uncompromising professional but also for the recreational tandem pilot who wishes to share the joys of paragliding. Security, performance, precision, playfulness and balance, the TAKOO is the perfect choice to take your passenger into a new dimension.

THE BEST IN DESIGN AND QUALITY

Designed by Olivier Nef using the most advanced software and perfected by highly talented pilots, the TAKOO is pure quality. The use of the best materials combined with NIVIUK workmanship and attention to detail has resulted in a faultless wing profile. Everything has been focused on the creation of a tandem wing near to perfection. Undoubtedly the TAKOO is the ultimate tool in the tandem class.

A TANDEM THAT'S A DELIGHT TO FLY

The TAKOO inflates with ease and without overshoot, allowing a smooth and easy, stress free take-off. The control pressure is balanced and predictable, making it a delight in thermals. It is precise in its turns and is easily placed into the thermal core allowing comfortable and easy cross country flights. When it is time to conclude your flight it is child's play, requiring only the easiest of flares to provide the perfect landing.

The Takoo will respond perfectly to all your inputs, demands and needs, allowing you to share your passion without effort.
